Volume XIV

January 2012

I regret that we are no longer able to deliver the Olde Towne newsletter to the residences of our members. This is due to the fact that most of our active members that have delivered the newsletters in the past are now unable to do so because of health reasons and/or age. We can email you a copy of the newsletter if you will give us your email address. We will not sell or give away that information and it will only be used by us to get the newsletters or other Olde Towne information to you. The newsletters can also be found on our website www.otnwa.net

You will also be able to pick up a copy of the newsletter at the following businesses, churches and public locations:

PJ's Flowers

Custom Cuts & Styles Beauty Shop

Gregory's Sporting Goods

Mike's Auto Diagnostic & Repair

Chile Mercado Mexican Grill

Sunny Lane United Methodist Church

Del City Church of the Nazarene

Del City Church of Christ

Corky's Barber Shop

Don's Alley Restaurant

Madison's Kitchen

Sunny Lanes Bowling

DC Bytes

Buffalo Wild Wings

City Hall

Del City Police Station

If we can get enough volunteers, we will be able to deliver them once again. It only takes a few minutes of your time once a month. You can deliver one block or several depending on how much you would like to exercise. For any questions, please email me.

Trap the Grease

In the City of Del City, cooking grease is one of the major causes of residential pipeline and City sewer blockages. The spilled sewage eventually reaches Oklahoma streams and rivers, causing unsafe conditions.

By following a few simple steps, you can help prevent costly sewage overflows in the future.

Step 1

All fats, oils and grease should be poured into a coffee can, or other durable container, and disposed of in the trash and not down the drain.

Step 2

Dishes and pots that are coated with greasy leftovers should be wiped clean with a paper towel before washing or placing in dishwasher. Toss the paper towel in the trash can.

Step 3

Scrape all scraps into the trash. Don't put any scraps in the garbage disposal. Dispose of them in the trash can or compost.

Important Facts

- Cooking grease coats pipelines in a way similar to the way that fatty foods clog human arteries. The grease clings to the inside of the pipe, eventually causing complete blockage.
- Grease should NEVER be poured down the drain. Running hot water and pouring detergent down the drain only break up grease temporarily. As the grease moves through the pipe, it separates from the water and begins to coat the pipe.
- Flushing grease down the toilet also causes sewer blockages.

Report Sewage Overflows

If you see, hear or smell something you think might be a sewer overflow, report it immediately by calling 671-2878 during normal working hours and 671-3011 on weekends and after hours.
